Binocular Technology

The more light through the lenses, the sharper the image, which is critically important in low-light military situations. Steiner's advanced optics dramatically enhance light transmission, for exceptional clarity in the most challenging conditions. 100% in-house optical capability ensures absolutely consistent, premium lenses and prisms, with world-leading coatings for bright, high-contrast images.

FEATURES:

PROPRIETARY LENS COATINGS

The combination of premium Steiner glass and proprietary lens coatings results in a viewing experience that is second-to-none. All lenses are multicoated, with a variety of specific coatings like the Diamond Night Marine® and Nano-Protection lens coatings that enhance light transmission and provide ultimate protection against dirt, dust and all of Mother Nature's element.

WITHSTANDS 40 G'S OF IMPACT

Steiner's Makrolon® Housing combines an unbreakable polycarbonate frame with a NBR Long Life rubber armoring for a light weight and rugged chassis that can withstand 40 G's of impact. NBR Long Life rubber armoring is durable, slip-proof and noiseless to ensure a secure grip in all conditions.

KNOW THE DIFFERENCE

PORRO PRISM DESIGN

Porro prism binoculars are extremely tough and dependable, creating sharp, clear images and 3D viewing even at long distances.

FOGPROOF & WATERPROOF

For absolute fogproof and waterproof protection, Steiner seals 14-psi pressurized dry nitrogen into its optics, for premium clarity in any condition. Steiner's proprietary N2 Injection System® pressurized optics with nitrogen and trace helium. If seals are not absolutely tight, hyperbaric testing reveals escaped helium molecules, the optics are disassembled and the process are repeated.

ROOF PRISM DESIGN

Roof prism binoculars are extremely light weight, compact and streamlined, making them easy to pack, carry, hold and use.

LIFETIME HERITAGE WARRANTY

All Steiner binoculars sold in U.S. or Canada manufactured since 2014 are covered by the Steiner Heritage™ Warranty for the lifetime of the product. We will repair and replace the product at no charge to you if it becomes damaged or defective for any reason other than theft or deliberate misuse.

- No warranty card needed

STEINER
Nothing Escapes You

MILITARY/ MARINE SERIES

PROVEN ON THE
BATTLEFIELD.
PERFECT FOR
EVERYTHING ELSE.

Makrolon® Housing is durable polycarbonate with NBR Long Life rubber armoring, creating a lightweight, rugged chassis that withstands 11 Gs of impact.

Sports-Auto-Focus™ System lets you focus each eyepiece to your vision once, then keeps images razor-sharp from 20 yards to infinity – no more chasing focus on moving targets.

NBR Long Life Rubber Armoring is durable, shock absorbing rubber that's neither tacky nor spongy. Provides a non-slip grip making it less likely to drop in all weather conditions.

THE CIVILIAN VERSION
OF OUR PROVEN
MILITARY BINOCULARS,
ADAPTED FOR RUGGED
ALL-AROUND USE. AS
SHARP, CLEAR AND
BATTLE-WORTHY AS
THE WARRIOR MODELS
THEY'RE BASED ON.

MM1050 10X50

Light and easy to handle, with for bright images and a wide field of view for steady viewing, even on the move.

ITEM NO. S2035
